HOMESCHOOL
LAUNCH KIT

 **Homeschool.com**
Welcoming. Inspiring. Life-changing.

**START
HERE**

SIMPLE STEPS TO LAUNCH!

1. Check your state laws and make sure that you've done all that is needed legally to begin your homeschool adventure!
2. Have a family conversation about the new year, are there things the kids would love to try? anything they would like to change? This is the perfect time to get everyone on the same page.
3. Write out your purpose or "Why" you homeschool. Then talk about your yearly goals together. Are there any specifics that you would like to accomplish this year? Anything the kids want to accomplish this year? Divide up those yearly goals and break them into smaller quarterly and monthly goals. This makes it easier to write a weekly action plan - and take steps to accomplish those goals!
4. Take time to set up a school "area" or homeschool room. Let the kids decorate their desks and their notebooks and supplies.
5. Create a schedule, and determine how you will track achievement (grades or informal assessment).
6. Make fun Back to Homeschool memories. Make a back to school breakfast. Take back to school pictures. Have a back to school party and invite friends!
7. Make your weekly plans. See our helpful tips and videos to make this SIMPLE.
8. Print out weekly checklists for the kids (checklist included)
9. Work together to make a fun reading nook somewhere quiet in the house.
10. Make emergency snack bags to keep in each child's desk. Perfect for when they need something but are in the middle of a lesson or a quiz!
11. Start the first day with lots of hugs and giggles and positive encouragement!
12. Play soft music to help create a positive environment.
13. Talk about your first day before going to bed. What did the kids love? What did they dislike? What should be changed?
14. Small changes for the better done each day are a key part of keeping your homeschool happy and the kids motivated!
